The National Institute for the Clinical Application of Behavioral Medicine

This is to certify that

Julie Peters

150.104448

Completed 3.25 hours of

How to Target the Limbic System to Reverse Trauma's Physiological Imprint

July 1st, 2020

This program is sponsored by The National Institute for the Clinical Application of Behavioral Medicine. NICABM is approved by the American Psychological Association to sponsor continuing education for psychologists. NICABM maintains responsibility for the program and its content. NICABM is recognized by the National Board of Certified Counselors (provider # 5381) to offer continuing education for National Certified Counselors. We adhere to NBCC Continuing Education Guidelines. NICABM is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to sponsor continuing medical education for physicians. NICABM designates this educational activity for a maximum of 3.25 credit hours in Category 1 toward the AMA Physician's Recognition Award. Each physician should claim only those hours of credit that he/she actually spent in the educational activity. In addition, the course meets the qualifications for 3.25 hours of continuing education credit for MFCCs and/or LCSWs as required by the California Board of Behavioral Sciences (PCE 237) and the Florida Department of Health Board of Clinical Social Work, Marriage and Family Therapy and Mental Health Counseling (#50-2010 Exp. 3/31/27). NICABM is also approved by the California Board of Registered Nursing (CEP 11900) for contact hours. NICABM, as the approved sponsor, maintains responsibility for the program and must abide by each board's continuing education guidelines.
